Saving the Increase

An increase in salary is always received most satisfactorily. You can make a great many resolutions about what you will do with the increase. A resolution to save, to start a savings account, is nearly always made, but how many actually live up to it.

A GREAT MANY MEN OF RICHMOND HAVE HAD THEIR SALARY INCREASED 10%. Why not begin to put that amount away on a savings account. Do not delay. Now is the time to save money while conditions are good for it. Will you stick to your resolution and save the increase.

Doctors at Her Bedside

Retola Giavenetto, 10 years old and a pupil at the Washington grammar school, lies at her home, 234 Golden Gate avenue in a precarious condition today following an attack alleged to have been made upon her by Guisseppe Andriene. Drs. U. S. and O. L. Abott were at the girl's bedside all of last night. Andriene, a laborer, has been a roomer at the home for three years. Little Retola, who assisted her mother in taking care of the home informed Chief of Police Walker while lying on her bed of Andriene's attack upon her. Following an examination by doctors, Giavenetti immediately threatened Andriene's life.

HEALTH AGITATORS

Mr. Edward A. More, in the American Journal of Public Health, says publicity will save more lives than any other single agency.

"Against the advice of numerous friends whose judgment I value," says Mr. Morse, "I have adopted as descriptive of my own work, the title 'agitator.' I believe that is the most apt word in the English language to describe a publicist."

An agitator, contends Mr. Morse, is simply one who stirs things up and gets people to think and talk about him. And he urges everyone engaged in any way in public health service to be an agitator. Manufacturing public sentiment, he says, means not only that which comes through the press, though that is extremely valuable, but any effort to make people think—exhibits, lectures, lantern slides, placards, ordinary conversation.

By publicity tuberculosis can be prevented, epidemics controlled and babies' lives saved. Publicity is the one great agent of all reform. When people really know about wrong things, when they understand thoroughly that they are wrong, why they are wrong, and how to right them, the righting is merely a question of time. The days of mystery about human ailments, their prevention and cure, are largely over. Health through publicity is the order of the new day.

RUSSIA HELPING FRANCE

Two Russian forces have landed in France. They are small forces, doubtless, but their presence serves notice on the world that the czar is in the fight to the finish and that all talk of a seperate peace is the veriest nonsense.

The people of France are greatly heartened by the Russian reinforcement. The struggle against the terrible war machine has been most trying, and the assistance rendered by the British has been only on a small line, except recently. Now the British are charged with the duty of holding ninety miles of the 400-mile front, and are doing it effectively.

On the western front are now French, Belgians, Russians and British—and the British forces are drawn from England, Ireland, Scotland, Canada, Australia, New Zealand and India.

After all, this is some war.

CHEAP LAWMAKING

The Hartford Courant thinks that Connecticut ought to pay its legislators more than "a paltry $300 a year." That is said to be the lowest salary in the whole American law-making industry. Illinois reaches the climax of generosity in paying its legislators $3,500 a year. New York and Pennsylvania pay $1500 and Iowa, Massachusetts, Ohio and Minnesota, $1,000.

The Courant, however, maintains that Connecticut gets "as good a product" for its $300 a year as other states do for several times that amount. And that is likely to settle the matter, with the ordinary taxpayer, who naturally reasons: "If you can't buy a better product for more money, why pay more?"

Can't understand why a London paper should exult over a cat that rings a door bell when it wants to come in, because cat bell ringers are so common over here.

PRESS OPINION

From a legal decision rendered by the supreme court of Missouri: "The press disseminates practically all of the public news of the world and a large part of that which is personal; it imparts intelligence regarding the public health, public morals and public safety, and materially aids in the preservation of the two former and in the defense of the latter; it is the mouthpiece of the statesmen and lawmakers, and proclaims to the world how governmental affairs are administered; it points to the capable and honest official usually with just commendation, and singles out the inefficient and those derelict in duty; and as a rule it is at the head of those collecting and disbursing public charity. Moreover, the press is a great educator in literature, art and science, and points out their beneficient influence upon the home morality and religion; it enables the poor who earn their bread by the sweat of their brow to procure employment, to familiarize themselves with the best and cheapest necessities of life, and the most reliable places where they may be procured."

The end of the ten-cent street car fare from Richmond to the county line of Alameda county is in sight. With the paving of San Pablo avenue completed, no doubt our enterprising jitney drivers will put on a service that will practically corral the business now handled by the street railway. A great deal of the troubles of the street railways are brought on themselves by their own greedy and discourteous actions, and this is a case in point. Ten cents is entirely too much money to pay for riding a distance of three or four miles on a street car in this day and age of the world's progress and the people will submit to it only so long as they are compelled to. No wonder the Oakland Traction company has been hampering all this time the paving plans for San Pablo avenue by refusing to move their tracks.

Our friends in Europe and South America need not worry in the least over the Mexican situation, but can rest assured that the United States government will take care of it in a manner satisfactory to ourselves, at least. The fact that the job has been long delayed in undertaking is all the more reason that it will be finished in the proper way now that Uncle Sam has actually started in on the work of cleanup. It may take us two or three years to fix matters up down there, but when it is completed, it will be done right and to the satisfaction of the Mexicans themselves.

It appears that Richmond is to celebrate the Fourth of July this year. It is well and the people should all rally around the committees with the view of making the affair a great success. An exhibition of patriotism once in a while will not hurt any of us.

It may possibly be that the censors are keeping back news of a new revolt in Ireland, though it's more like-lbs. at $5.40, and Mexican slick hair-exists only on paper.

Yes, Barnes is for Roosevelt; he says: "Roosevelt is the monumental four-flusher of all ages." However, we think Barnes has overlooked "Wandering" George.

SAGE TEA KEEPS YOUR HAIR DARK

It's Grandmother's recipe to bring back color, youthfulness and Lustre—Everybody is using it again.

Gray hair, however handsome, denotes advancing age. We all know the advantages of a youthful appearance. Your hair is your charm. It makes or mars the face. When it fades, turns gray and looks streaked, just a few applications of Sage Tea and Sulphur enhances its appearance a hundred-fold.

Don't stay gray! Look young! Either prepare the recipe at home or get from any drug store a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," which is merely the old-time recipe improved by the addition of other ingredients. Thousands of folks recommend this ready-to-use preparation, because it darkens the hair beautifully, besides, no one can possibly tell, as it darkens so naturally and evenly. You moisten a sponge or soft brush with it, drawing this through the hair, taking one small strand at a time. By morning the gray hair disappears; after another application or two, its natural color is restored and it becomes thick, glossy and lustrous, and you appear years younger.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Advertisement.

DON'T "CLEAN UP" YOUR OLD SUIT—BUY A NEW ONE TODAY ON CREDIT!

The recipe for keeping oneself well groomed no longer depends upon a man's pocketbook. It used to, of course, as every man knows, but every since CHERRY'S CREDIT CLOTHING STORE opened, several years ago, the number of men who dress cleverly has increased enormously.

There's scarcely a man in town who, regardless of his occupation, hasn't bought something on credit. As a matter of fact, real estate, furniture, musical instruments and many of the things are seldom bought any other way.

The system at Cherry's Clothing Store is simplicity itself. You just buy what you want in the way of smart clothes and make a small initial payment. Then you arrange with the credit department a schedule of weekly or monthly installments. It's a big convenience, isn't it? Then why don't you make the most of it?

Cherry's store are always open Saturday night until 10 o'clock and you'll find their stores at these addresses. Their men's clothing is at 528 13th street, and the ladies' store is at 515 13th street in Oakland. The San Francisco stores are at 1009 Market street and 2400 Mission street. Other stores, Portland, Tacoma, Los Angeles and Sacramento.—Advertisement.

BEGIN HOT WATER DRINKING IF YOU DON'T FEEL RIGHT

Says glass of hot water with phosphate before breakfast washes out poisons.

If you wake up with a bad taste, bad breath and tongue is coated; if your head is dull or aching; if what you eat sours and form gas and acid in stomach, or you are bilious, constipated, nervous, sallow and can't get feeling just right, begin inside bathing. Drink before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it. This will flush the poisons and toxins from stomach, liver, kidneys and bowels and cleanse, sweeten and purify the entire alimentary tract. Do your inside bathing immediately upon arising in the morning to wash out of the system all the previous day's poisonous waste, gases and sour bile before putting more food into the stomach.

To feel like young folks feel: like you felt before your blood, nerves and muscles became loaded with body impurities, get from your pharmacist a quarter pound of limestone phosphate which is inexpensive and almost tasteless, except for a sourish twinge which is not unpleasant.

Just as soap and hot water act on the skin, cleansing, sweetening and freshening, so hot water and limestone phosphate act on the stomach, liver, kidneys and bowels. Men and women who are usually constipated, bilious, headachy or have any stomach disorder should begin this inside bathing before they will become real cranks on the subject shortly.

MARIN COUNTY IS BIG CELEBRATION ON FRIDAY NIGHT

On May 19, 20 and 21 Marin county is to celebrate the anniversary of the landing of Sir Francis Drake with what will probably prove to be the most picturesque festival of the kind ever held in California.

The main feature of the celebration will consist of the presentation of a series of open-air tableaux in a great natural amphitheater on the estate of Congressman William Kent, at Kentfield. Here will be reviewed all the principal epochs in California's romantic history and in many cases the tableaux will be presented by the descendants of those who actually played a part in the early building of the state.

One of the scenes, the Spanish wedding, will have for the principle role—that of bride—Miss Gertrudis Pacheco, daughter of the family that gave a governor to the state during the Spanish regime. The days of the argonauts will be presented by the Native Sons and Native Daughters; the British-American league, numbering 50,000 members in California will present the Drake pictures—the departure of Drake from the court of Queen Elizabeth, and his reception by the Marin Indians, the discovery of gold by Marshal in 1848 by the Society of California Pioneers, Marshal being impersonated by John Metcalf, himself a '49er; a picture of the Russian occupation of Fort Ross on the California coast by an organization of Russians in San Francisco—and so on.

In addition to the tableaux on Saturday, May 20, there will be numerous events of interest throughout the three days of the pageant. The series of athletic contests will commence on Friday morning with a Marathon race from Mill Valley to San Rafael, a colorful floral parade, an indoor flower show, a better babies contest and a series of outdoor chorals directed by Wallace Sabin, one of the foremost musical directors of the Pacific coast; and military tournaments including a sham battle participated in by federal troops, the militia and naval reserves and a number of other military organizations.

The pageant proper opens on Friday morning with a procession in San Rafael to receive the representative of President Wilson, the representatives of the foreign governments, designated for the pageant, the mayors of the California cities, Governor Hiram W. Johnson and other distinguished guests of honor.

One of the unique features of the flower parade which takes place on Saturday will be the appearance of fourteen automobiles decorated for the parade by the convicts of San Quentin. The San Quentin band, said to be one of the best trained musical organizations in the state will also give public concerts at the penitentiary during the pageant.

The floral parade will be made up of more than 150 floats entered from the various Marin cities by social and fraternal organizations and by numerous firms and individuals.

Governor Johnson has issued a proclamation calling the attention of the people of the state to the Marin celebration. It is the purpose of the originators of the pageant to establish May 19 as California's Thanksgiving day for annual celebration. That is the date of Drake's landing on the shores of Marin county and was selected as particularly appropriate for this state's Thanksgiving day by reason of the seasonal contrast offered to the bleak November day that saw the landing of the Pilgrims on the coast of New England. When Drkae landed, the California hills were covered as they are now with poppies and other wild flowers that have come to symbolize the perpetual springtime of the states climate.

HANG ORPET? NO, GIRL'S FATHER DECLARES

WAUKEGAN, Ills., May 18.—"We do not care to see Billy Orpet condemned to death."

So declared Frank Lambert, father of Marian Frances Lambert, to an International News Service correspondent today.

Orpet is on trial for the murder of Miss Lambert, one of his sweethearts.

"There is no use," said Lambert, "of taking two lives for one. Billy's death won't bring back my girl.

"Prison confinement, according my way of thinking, is a thousand times worse than hanging. I don't even think we want Billy sentenced to life.

"But I wish the boy would own up to the whole thing. If he is guilty I want him to suffer some of the things that Frances' mother and I have suffered."

Lambert and Orpet's father are lifelong friends.

Orpet's hitherto remarkable nerve broke down today. He kept his arms about his mother's neck, sobbing frequently.

DEMAND LOVE NOTES

CHICAGO, May 16.—Examination of veniremen in the trial of Will Orpet, University of Wisconsin student, charged with the murder of Marian Lambert, Lake Forest high school girl, continued at Waukegan, Ill., today. Three men were tentatively accepted as jurors yesterday.

Judges Charles H. Donnelly, before whom the case is being tried, will decide today whether Orpet's lawyers can see sixty letters which passed between the accused and Miss Lambert.

Orpet's counsel contended that he should be permitted to read the letters before they were formally placed in evidence. Argument over the letters interrupted the examination of veniremen.

MISS FREDERICKS IN "AUDREY" AT RICHMOND

Pauline Fredericks, whose beauty and powerful emotional histrionism have made her the foremost dramatic actress on the screen today, is the star of the Famous Players-Paramount picture, "Audrey," an adaptation of the celebrated novel by Mary Johnston, adapted into dramatic form by Harriet Ford and E. F. Boddington, which is the feature at the Richmond theater today and tomorrow. In "Audrey," Miss Frederick abandons the sirenic roles which she has so wonderfully presented in "Zaza," "Bella Donna," and several other powerful dramatic Famous Players productions in which she has starred.

"Audrey" is the innocent cause of a serious duel, when, despite her unsophistication, reflections are cast upon her character by the brother of the girl with whom Lord Haward, her guardian, has been in love. Haward resents the imputations concerning Audrey's conduct and the duel in which he is severely wounded results.

The false impressions concerning Audrey's character have spread rapidly throughout the town and the situation reaches a climax when she is denounced from the pulpit on Sunday. As a result of this, she has been a drudge ever since she was old enough to work and seeks refuge with an old woman who is reputed to be a witch. The townsfolk, enraged at the thought that she is under the influence of the "witch," attempt to kill them both.

Audrey escapes drowning only by the narrowest margin and it is the news of her peril that awakens in Lord Haward a realization of what this wild, carefree girl means to him. Despite his wounds, he rushes to her rescue. There is another lover to be reckoned with—a half-breed Indian, whose methods of wooing are picturesque in their crudity.

"Audrey" differs from Miss Frederick's previous screen characterizations in the great feeling of sympathy which she arouses. This is the dominant note in "Audrey" as we see this poor girl made a mere slavey and later accused of conduct of which she is entirely innocent. The prosecution of Audrey, her battles against poverty and the narrow-minded gossips of her little community, develop one of the strongest and most lovable characters that Miss Frederick has played on the screen.

In addition to this big attraction, Manager Wilson will offer another of the Lonesome Luke series. In today's comedy, Luke is a circus king. The Pathe News shows President Wilson opening the baseball season at Washington, war scenes from Australia and Mexican scenes.

AT THE REGENT THEATRE

Since the production of the World Film corporation, of Clyde Fitch's conceded masterpiece "The City," an active movement that promises to be nation-wide in extent has been set on foot to place the bust of the famous dramatist in the Hall of Fame in New York City as a tribute to his services to the American drama.

"The City," the full flower of Fitch's mighty genius has been translated into every language of the civilized globe and played in every land under the sun. Everywhere it has aroused the same excited comment and caused a sensation by its startling manner of holding the mirror up to life as it actually is.

"I have written of 'The City,' that grim Moloch, that eats the lives of our finest young men and women, as I found it," declared Mr. Fitch in speaking of his drama, now the first of his plays to be seen on the screen. "'The City' is a whirlpool, a mighty current against the tremendous fascination of which only the strong can live. Therefore I say that my drama should appeal to everyone, everywhere if only as a warning against tempting fate by venturing into the swift swirling tide of 'The City.'"

"The City" will be shown at the Regent theater tonight.
